(U) Libya – Car Bombings Kill More Than 30

(U) Benghazi – A double car bombing in the east Libyan city of Benghazi yesterday left at least 33 people dead and dozens more wounded, including senior security figures and civilians, officials said. The twin explosions shattered the relative calm that had recently returned to Libya's second city, scene of more than three years of warfare from 2014 until late last year. The first blast struck outside a mosque in central Al Salmani district. Around 10 to 15 minutes later, a second, more powerful blast was detonated from a Mercedes parked on the opposite side of the street, hitting an ambulance, and causing a higher number of casualties. It was not immediately clear who was responsible.
